

Coal Creek Family Medicine is taking precautions to help prevent the possibility of any exposure to COVID-19 as it is our highest priority to keep our patients and staff healthy! We are reviewing the most updated information from www.cdc.gov daily and following CDC guidelines.

What you can do if you think that you may be at risk of having COVID-19

Watch for symptoms

The following symptoms may appear **2-14 days after exposure.***

Should you develop the below symptoms, and have been in close contact with a person to have COVID-19 or have recently traveled to an area with widespread or ongoing community spread of COVID-19 * China * Iran * Italy * Japan * South Korea *

- Fever
- Cough
- Shortness of breath

Call us first as we will need to triage your symptoms and refer you to a testing site. CCFM is NOT currently testing for COVID-19
